REPORTING RELATIONSHIPS

POSITION OBJECTIVES

This position will be a significant academic appointment within the award major of Three Dimensional Design in the Bachelor of Digital Media. The job will involve teaching and research into all facets of 3D design digital media production and will involve the convening and teaching of 3D CAD courses using Solidworks to an advanced level and other courses as directed. Knowledge of advanced additive manufacture technologies / 3D printing technologies will be essential. The position will be based at the Gold Coast campus but some deployment to other campuses of the University may arise on occasion.

KEY ACCOUNTABILITIES:

- Prepare and conduct lecturers, tutorials, practical classes, demonstration, workshops, student field excursions, and studio sessions.
- Convene courses and contribute to the development of course material with appropriate advice from and support of senior staff colleagues.
- Conduct and publish high quality research, apply for grants and contribute to other research programs within the QCA as appropriate.
- Undertake marking, assessment, consultation with students, and moderate the tutoring and assessment work of tutors and markers.
- Participate in professional association(s), professional and community activities of relevance to graphic design and the design industry more broadly.
- Undertake a range of administrative functions the majority of which are connected with the subjects in which the academic teaches.
- Promote compliance with relevant legislation and University policies and procedures, including equity and health & safety and exhibit good practice in relation to same.
- Lead fair, ethical and professional work practices in accordance with the University Code of Conduct.

SELECTION CRITERIA

Essential:

- A doctoral qualification relevant to the field or significant progress towards completion.
- Demonstrated knowledge of current teaching and learning principles and practices as they pertain to 3D Design Digital Media (both on screen and for physical product outcomes) and the ability to teach undergraduate and postgraduate courses and the potential to supervise Honours and/or Research Higher Degree students. Evidence of teaching and course evaluations are required.
- A demonstrated capacity to engage in high quality research, including evidence of the ability to initiate, manage, complete and publish research and/or research related consulting activities, as well as capacity to participate in competitive research grants.
- Demonstrated proficiency in comprehension and verbal and written communication in Griffith's language of instruction (English).
- Demonstrated organisational and administrative skills and the ability to work as a member of a collaborative team.
- A demonstrated capacity to engage in community engagement activities relevant to the College and establish industry links.
